## ***Salute Santé!*® Introduces Line of Varietal Grapeseed Flours**

January 20, 2013, Napa, California - Food & Vine™, Inc. is pleased to announce they have now added a line of *Salute Santé!* Varietal Grapeseed Flours, available in Merlot & Chardonnay, to their top-quality line of *Salute Santé!* products all made right here in Napa, California, USA!

The industry's top purveyor of grapeseed oil, Food & Vine is recognized for their high quality grapeseed oil line, ranging from *Salute Santé!* Extra Virgin Cold Pressed oils to *Salute Santé!* infused oils to their original award winning grapeseed oil. *Salute Santé!* literally means "To your health" in French & Italian and now, Food & Vine, Inc. offers two delicious options for baking with their *Salute Santé!* Varietal Grapeseed Flour, available in Merlot & Chardonnay!

Grapeseed flour is the next step towards a more sustainable and ecologically sound way to manufacture foods. It is made from the press cake after pressing our cold pressed grapeseed oils. Local wineries are now able to complete their wine making cycle – from grape to wine to seed to oil to flour – utilizing every bit of the grape! This may just be the next Super Food!

*Salute Santé!* Grapeseed Flours are rich in anti-oxidants, calcium & potassium, high in dietary fiber, and are GLUTEN & SODIUM free. These multi-purpose flours are perfect for sweet, as well as savory, baked goods, including fruit breads, muffins, bars, granolas, grain breads, focaccia, pizza and home-made pasta! Or sprinkle over yogurt!

Easy to incorporate into every day recipes, grapeseed flour offers multiple flavor & potential health benefits. Explains Food & Vine, Inc. co-owner Nanette Humer, "You simply add 1 TBSP of grapeseed flour per 1 cup of flour or substitute 10-30% in your favorite recipe. This adds a nuttiness & crispy texture to your favorite baking recipes."
